Subject: **Vendor Compliance Letter - Mastercard Certificate Release**

Dear Certified Vendor,

I am pleased to advise you that your facility at the address indicated in the attached Mastercard Certificate has achieved the *Mastercard* Global Vendor Certification Program (GVCP) requirements for annual certification renewal. The certificate takes immediate effect and replaces the previously distributed certificate expiring on April 30, 2024.

The stipulated facility remains authorized to produce ***Mastercard®***, ***Maestro®***, and ***Cirrus®*** ***Branded Cards***. However, the certificate is limited to site security. Production of specific products may require additional licensing and product approval that are separate from GVCP and therefore not included in the site security compliance process.

I would like to draw your attention to the various card production activities printed on the certificate and clarify that only activities checked and printed in bold type are authorized at this facility. Activities not checked and printed in gray type are not currently authorized.

We wish you continued success and remain at your disposal for any further assistance you might require. Questions if any should be directed to GVCP-HelpDesk@mastercard.com.

Yours sincerely,

A handwritten signature in blue ink that reads "Howard Girao". The signature is fluid and cursive.
